### Lab Optimization Consultant

#### EXPERIENCE

Years in a hospital lab: 4  
Years as a consultant: 11

#### FIRST LAB EXPERIENCE

I did some research and determined that a major in CLS would teach me more about medicine than biology, so I switched majors and have never looked back!

#### INSPIRATION

Solving problems for both patients and laboratorians.

#### PHILOSOPHY

Lab optimization is about improving patient care by challenging the status quo and helping laboratories discover new ways of thinking and working.

#### PASSIONS OUTSIDE THE LAB

- Traveling
- Reading
- Trying new foods
