

Jenny Harder

MLS(ASCP)

Lab Optimization Consultant

EXPERIENCE

Years in a hospital lab: 17
Years as a consultant: 1

FIRST LAB EXPERIENCE

Aiding the Texas Health Department in a study performing MRSA colonization testing of the nares of prison inmates.

INSPIRATION

Making an impact and influencing change in the worklife of laboratorians for the better.

PHILOSOPHY

Laboratory optimization is about training our customers to better utilize the technology they have purchased with their equipment to allow them to streamline their workflow and to give them the tools to initiate change within their facility.

PASSIONS OUTSIDE THE LAB

- Traveling
